

A smarter way to R.O.

Say goodbye to contaminants and hello to pure, refreshing hydration with IntelliClear, the innovative tankless Reverse Osmosis (R.O.) Water Filtration System from WaterWorld USA, a 25-year leader in the industry based in Houston, Texas. Designed for convenience and powered by cutting-edge technology, IntelliClear turns your tap water into pristine drinking water without compromising on taste or environmental impact.

HOW DOES INTELLICLEAR STACK UP?*

BRAND	INTELLICLEAR	CULLIGAN	PENTAIR	ECOWATER
R.O. Model	800 Tankless R.O.	Aquasential Tankless R.O.	Omnifilter Quickconnect T600RO	Eflow Tankless R.O.
Filtration Technology	Spiral Flow R.O. Filter	Advanced Reverse Osmosis	Advanced R.O. Filtration Technology	Advanced R.O. Filtration Technology
Filtration Stages	7-Stage High-Precision Filtration	5-Stage High-Precision Filtration	3-Stage Filtration	Unspecified*
Filtering Precision	0.0001µm (micron)	0.0001µm (micron)	0.0001µm (micron)	0.0001µm (micron)
Water Waste Ratio	2:1	1.5:1	2:1	1.8:1
Water Flow Rate	0.53 GPM	0.42 GPM	Unspecified	.42 GPM
System Capacity	800 GPD	757 GPD	396 GPD	600 GPD
Tankless Design	Yes	Yes	Yes	Yes
Smart Faucet with Digital Display	Real-time TDS Display & Filter Replacement Reminder	No	No	No
Installation	DIY-friendly Installation	Professional installation required	Professional installation may be required	DIY-friendly Installation
Space-Saving Design	Saves 70% under-sink space	Compact design	Compact design	Compact design

Your Revolutionary In-Home Solution for Pure, Eco-Friendly Water!

**INTELLICLEAR 800 TECHNOLOGY:
EXPERT FILTRATION FOR SUPERIOR TASTE**

Experience the difference with IntelliClear's 7-Stage High-Precision Filtration. Our system boasts a 0.0001µm (micron) filtering precision, effectively removing heavy metals, dissolved solids, chlorine, and other common contaminants. Enjoy better, enhanced taste, thanks to the Coconut Carbon Block sourced from natural coconut shells.

EFFICIENCY REDEFINED: INSTANT, TANKLESS DESIGN

Experience the convenience of IntelliClear's 600 to 1000 gallons-per-day Direct Drink system. Enjoy fast water flow at 0.53 gallons per minute, filling an 8oz cup in just 7 seconds. With its tankless design, relish pure and fresh water instantly, free from recontamination concerns.

SMART FAUCET FOR EFFORTLESS MONITORING

Stay informed in real-time! IntelliClear's smart faucet displays the Total Dissolved Solids (TDS) value with each pour, assuring top-notch water quality. The IPX7 waterproof LED screen provides filter lifespan alerts, eliminating last-minute surprises and ensuring consistent, high-quality water.

EASY INSTALLATION & SPACE-SAVING DESIGN

No more hassle! IntelliClear's integrated design and user-friendly instructions allow for a DIY installation without the need for a plumber. Its compact build saves 70% of under-sink space, leaving room for other kitchen essentials.

**ECO-CONSCIOUS INNOVATION:
SAVE WATER, REDUCE WASTE**

Join the sustainability movement! IntelliClear's 2:1 Low Drain Ratio means you waste less water compared to traditional R.O. systems. For every 2 cups of pure water, only 1 cup is drained, saving up to 6 times more water. Embrace an eco-friendly lifestyle while enjoying clean, crisp water.

POSITIVE ENVIRONMENTAL IMPACT

Choosing IntelliClear means making a positive environmental impact! By opting for a reverse osmosis system over bottled water, you contribute to reducing plastic waste and lowering your carbon footprint, one sip at a time.

AUTO R.O. FLUSH KEEPS YOUR FILTER FRESH

IntelliClear's Auto Flush system automatically flushes away impurities stuck on the R.O. membrane to avoid pore clogging, ensuring flawless performance and a longer service life without you lifting a finger. If you hear a flushing sound and see the filter indicators occasionally glitter, that's when it's working!

SAFETY & QUALITY ASSURANCE

Rest easy knowing that IntelliClear is designed with a leak-free, lead-free water path conforming to NSF372 standards. Our commitment to safety ensures a secure, reliable water filtration system for you and your family.

Elevate your hydration game with IntelliClear
Clean, tasty water, hassle-free!

FEATURES

The IntelliClear® 800 is Tested and Certified by NSF International against NSF/ANSI Standard 58 for the Reduction of TDS and materials and structural integrity requirements.
